

DREAM RIDE AUSTRALIA

Dream Ride Australia is a non-for-profit organisation dedicated to creating life-changing experiences for all involved. Our unique event caters to motoring enthusiasts, offering an opportunity to raise funds and awareness for individuals with intellectual disabilities highlighting their determination and perseverance to overcome challenges and shatter stereotypes.

The funds generated through the Dream Ride Charity Ltd play an important role in creating and developing the main charity event at Wigley Reserve, Glenelg. A family, fun filled day that celebrates people with intellectual disabilities. The day combines a car cruise for individuals, with a fun carnival atmosphere.

All contributions from sponsors and donors help assist with making not only the main event possible but also educational activities throughout the year.

Educational activities throughout the year help the local Dream Ride participants enhance social skills, expand their networks, and build meaningful relationships. These activities can range from:

- Sensory and native experiences
- Arts, drama, and dance movement lessons
- Sporting skills and development
- Everyday life skills, such as cooking and daily activities
- Educational and learning activities

Dream Ride Australia provides opportunities for participants and chaperones to travel to the USA in August. This is where participants and their chaperones can explore parts of America like New York and Disneyland and will be able to participate in the Dream Ride Experience in Connecticut, with all expenses covered by the charity.

This trip presents an opportunity for:

- Personal growth
- Life changing experiences
- Building a network of relationships
- Life skills
- Exploring another part of the world
- Supporting international relationships and friendships
- Bringing communities together through international borders
- Developing an international experience through the program

Dream Ride Australia takes pride in ensuring that every donated fund directly contributes to the Dream Ride Charity. This commitment ensures the successful realisation of major events and, more importantly, makes the dreams of our participants come true.
