Pulse Pasta uses pulses to help boost the protein content

We're family.

Brown Rice, Organic & Pulse

- **San Remo Brown Rice Pasta is free of gluten, dairy products, egg and yeast.**
- It is extruded through a bronze die to give it a rough, rustic texture that means the pasta holds more sauce during cooking.
- San Remo Organic Pasta is completely free of artificial preservatives and additives and is made from sun-ripened organic durum wheat.
- San Remo Pulse Pasta range uses pulses such as Peas, Lentils, Chickpeas and Borlotti Beans to boost the protein content as well as other nutritional benefits. It is also a delicious option if you're following a gluten free diet.

made the traditional
Italian way

We're family.

Fresh Pasta

- **San Remo fresh ravioli pasta is made using quality Sfoglia pasta (pronounced 'sfoya')** – this is the traditional Italian way of using sheet on sheet pasta rather than folding the pasta which provides a perfect balance of pasta to filling. You can also freeze this pasta for later use.
- San Remo Fresh Pasta comes in a range of delicious flavours and shapes such as Ravioli, Tortellini and Agnolotti which pairs beautifully with any of our fresh sauces.

Ravioli

Tortellini

Aldo's Block

- Founded by Aldo Crotti as a great wine to serve with his world class pasta, these limited release fine wines are sourced from small lots in the McLaren Vale.
- **Cabernet Sauvignon** - old vines grown in shallow soils has resulted in grapes with a high intensity flavour. Maturation in French oak barrels add a complexity and a fine tannin structure to the wine.
- **Shiraz** - fully ripened grapes selected to produce a classic McLaren Vale Shiraz. Maturation in American oak barrels add characters of mocha with a background of spice and ripe plum fruit. A rich, intense wine with strength of flavour and tannin structure.

WINE
